

SUMMER HOLIDAYS HOMEWORK 2025-26

THEME: Environmental Sustainability

CLASS: III

Let's Protect our Planet

Dear Parents,

Warm Greetings!

As the summer vacation draws near, we are excited to continue our learning journey with enthusiasm and positivity. Despite challenges, our spirit remains undeterred, and this year, we have crafted a special adventure that intertwines play with purposeful learning for our young enthusiasts.

This summer, our Class III students will embark on an engaging exploration of Environmental Sustainability. We aim to instill a deep understanding and appreciation for the environment through interactive and fun activities tailored to their curious minds.

Students are requested to submit their activities as per the given schedule:

Subjects	English	Hindi	EVS	Maths
Date of Submission	5 July	8 July	10 July	14 July

We look forward to a vacation filled with productive learning and fun, supporting our students in becoming conscientious global citizens. Thank you for your continued support and enthusiasm.

Warm regards,

Class Teacher

PLEASE NOTE: The Round 1 assessment will include grading from the Holiday Homework for scholastic and co scholastic activities.

ACTIVITY & INSTRUCTIONS :

Create a 5-10 page storybook using **A4 size white sheets** titled "My Green Planet". Focus on environmental themes such as recycling, conservation, or plant life. Use illustrations (drawings) and text to convey your story. Aim for creativity and clarity in your message. Attach the story in your English Notebook.

Don't forget to give a unique name to your one-of-a-kind story.

LEARNING OUTCOME:

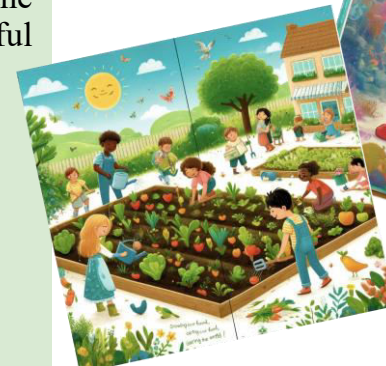

Creativity and Expression: Students will enhance their ability to express ideas creatively through writing and illustrating, developing both artistic and literary skills.

Storytelling Skills: Students will learn how to structure a narrative, including the development of a plot, characters, and setting, tailored to convey a meaningful message.

COMPETENCY BUILT:

Critical Thinking: Analyzing environmental issues and imagining creative solutions or scenarios to include in their storybooks.

TOPIC : My Green Planet- Story Book

हिंदी

गतिविधि एवं शिक्षा

गतिविधि वर्ग : छात्र गुलाब के फूलों की पंखुड़ियों को इकट्ठा करके अपने माता-पिता की सहायता से आर्सेनिक विधि से गुलकंद बनाएंगे।

छात्रों के द्वारा बनाई गई गुलकंद की विधि की सामग्री और प्रयोग की मात्रा तथा उससे होने वाले लाभों को हिंदी नोटबुक में लिखेंगे और उसको बनाते हुए अपना चित्र भी चिपकाएंगे।

प्रकरण : आर्सेनिक गुलकंद

सहायता हेतु लिंक :

<https://youtu.be/p4Hq20KveHU?feature=shared>

अधिगम प्रतिफल: छात्र विभिन्न फूलों को एकत्रित करके उनके गुणों के बारे में जान सकेंगे।

छात्र गुलकंद बनाने की विधि को समझने में सक्षम होंगे।

छात्र गुलाब के फूलों के पुनःप्रयोग से अवगत होंगे।

योग्यता विकास: इस गतिविधि के माध्यम से छात्र पुनर्चक्रण प्रक्रिया के महत्व को जानेंगे और घर में उपलब्ध वस्तुओं का पुनर्चक्रण करने में सक्षम हो सकेंगे।

ACTIVITY AND INSTRUCTIONS:

Title- "Favourite Summer Activities Survey"

Summer holidays are here, and we can't wait to enjoy our favourite summer activities! In this context, we are combining these activities with data collection.

Activity- Conduct a survey to gather data about the *favorite summer activities* of your family members, friends, or neighbours. Record your observations in a structured table. Subsequently, create a pictograph using stickers, drawings, or other creative elements in your Maths Notebook. (Aim to ask a minimum of 10 people)

Materials required:

- A4 Sheet
- Coloured Pencils or Markers
- Ruler

Step1- After collecting all the data record, put it in a table. (example of table is given on the side)

Step2- Prepare a pictograph on the above collected data by taking an appropriate scale of your choice using stickers, drawing or any other element. (example is given on the side)

Scale: 1 sticker/drawing/other element= _____person

LEARNING OUTCOMES:

1. The student will be able to understand the concept of collecting data, attain knowledge about how to organize collected data into simple tables or charts.
2. Students will also be able to present data visually in a clear and understandable manner.

COMPETENCY BUILT :

1. Creativity-Explore creative ways to represent data, such as through pictures, or other visual elements.
2. Data Literacy- Gain foundational skills in collecting, organizing, and interpreting data.

TOPIC : Data Handling

Favourite beverages	Number of people  = 3 person
Tea	     
Coffee	    
Green tea	
Iced tea	 

Person	Age	Favourite Summer Activities
Mother	35	Reading
Father	40	Swimming
Friend 1	8	Cycling

ACTIVITY 1:

RECYCLE LOG

Recycling and reusing items is an environment-friendly practice that helps reduce the amount of trash that gets sent to the landfills.

Dear Students,

We all have various household items such as egg cartons, newspapers, cardboard tubes, plastic containers, etc. Brainstorm interesting ways in which you can recycle any 5 household items and create a list on a MS Word document.

LEARNING OUTCOMES:

The learners will be able to type in MS Word and think creatively.

COMPETENCY BUILT:

The activity will enable the learners to think critically. They will come up with new and creative ways of recycling and reusing.

SAMPLE

RECYCLE LOG

Items	Action

HERBARIUM

ACTIVITY 2:

HERBARIUM

Make a herbarium by collecting leaves of different size, colour and shape. Dry them out in an old newspaper and paste them beautifully in EVS notebook. Try to include at least 5 medicinal plants. (Total 8 leaves)

Use the given link for reference:

<https://youtu.be/TWQhP5IAgWU>

LEARNING OUTCOMES:

Learners will learn to identify the unique features (ex. shape, texture, colour, aroma) of leaves and differentiate them.

COMPETENCY BUILT:

The activity will enable the learners to think creatively. Enable them to observe different parts of a plant.
